Hello Zaid,

Brooke Dorner referred me to you as the White House contact for interagency FOIA consult.

As you may know, EPA is currently involved in litigation with the Pebble Limited Partnership (PLP) under the Federal Advisory Committee Act. PLP has submitted a simultaneous FOIA Request seeking documents related to the subject matter of the litigation. Both the discovery and the FOIA request seek documents related to EPA's Clean Water Act 404(c) decision making in Alaska's Bristol Bay.

For your awareness, attached are documents with White House equities that will be produced to PLP. Documents labeled:

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

if possible, please let me know if you have any comment by March 18.

Attached is a 300 page pdf. A second PDF, 84 pages, will be attached to a follow up email. In total there are 384 pages of potential White House equities.

Please let me know if you have any questions or would like to talk through the somewhat complicated background context for these documents. Thank you,

-Peter Bermes

As many of you know, today is my last day at the White House (and as of 2pm, I won't have email anymore). It has been an amazing experience for me, and it has been wonderful working with all of you and working on behalf of President Obama and the American people.

As I transition out, I'm passing along my portfolios to Jim Walsh and Martine Cicconi, who will be at the White House until January 18. They are CC'd above. Please reach out to them with any issues that require elevation, but please keep in mind that the two of them are inhering the agencies from a number of people on our team who are leaving the White House today.

I'm staying in [REDACTED] **Personal Matters / Ex. 6**. Please keep in touch. My personal email is [REDACTED] **Personal Email / Ex. 6** and my phone number is [REDACTED] **Personal Phone / Ex. 6**.

Hi Zaid:

The FOIA request and released materials are attached.

As background, The documents released under this FOIA request are also the subject of current litigation by Cause of Action against several federal agencies and the White House. The litigation alleges that agencies failed to comply with statutory deadlines which were caused by the White House FOIA consultation process and specifically attacks the White House FOIA consultation process as an *ultra vires* action. C of A also claims arbitrary and capricious actions by the WH under the APA.

For large or complex EPA FOIAs, I am the new POC to EOP, WHO, CEQ, and OMB. EPA received the attached Politico FOIA request, February 17, 2016. The full text of the request is italicized below.

We identified two responsive documents with White House equities. Unfortunately, we are on a short timeline with Politico.

Would it be possible for you to complete your consult by Friday, May 13?

I apologize for requesting the short review time.

Joan

Hi Zaid:

The FOIA request and released materials are attached.

As background, The documents released under this FOIA request are also the subject of current litigation by Cause of Action against several federal agencies and the White House. The litigation alleges that agencies failed to comply with statutory deadlines which were caused by the White House FOIA consultation process and specifically attacks the White House FOIA consultation process as an *ultra vires* action. C of A also claims arbitrary and capricious actions by the WH under the APA.

Hello John:

I hope this is my last request for the day!

On or about May 14th, the EPA is producing the attached records containing White House equities.

This is a court-mandated production for FOIA litigation, *NRDC v. EPA*, No. 1:17-cv-9492 (S.D.N.Y.)

The production addresses a FOIA request seeking records describing, outlining, or relating to the "red team-blue team" exercise ("the exercise") announced by EPA Administrator Scott Pruitt in June 2017 as a strategy to test the scientific premise of human-caused climate change and promote public debate.

Before we release these records, we request your review and comment regarding White House equities.

To allow us to meet our production deadline, **we request that the review is completed by May 10th.**

Thank you!

Joan

Hi John:

The attached records will be released in NRDC v. U.S. EPA, Case No. 18-cv-175 (S.D.N.Y.) by June 19, 2018. Pursuant to court order, EPA must complete production of all responsive documents to NRDC by June 19, 2018.

These documents include emails between EPA employees and three White House employees within the Office of Political Affairs (i.e., Clayton Henson, Douglas Hoelscher and Nick Trainer).

As background, the FOIA request asks for EPA records "relating to,

- (1) the process, planning, or criteria used to decide which states would be visited by Administrator Scott Pruitt on his 'State Action Tour,' and
- (2) the process, planning, or criteria used to decide which non-EPA persons, organizations, or entities to invite to attend any meeting with EPA officials during the 'State Action Tour.'"

In order for EPA to meet its court mandated deadline, if possible, please provide comments by June 14th.

Thank you!
